

## Barbells

Hampton Fitness offers built-to-last Barbells. Virtually maintenance free, Hampton Barbells start off with a solid steel bar enhanced by its hardened chrome finish. Users will be impressed with the comfort and strength of each bar, as well as, the variety of curl and straight options available to them. Though the fixed barbell originates from a simple design, there are now several variations and price-points to choose from.

**DB-S**  
DuraBell™ Barbells - Straight
