

ELITE LIFTING STRAPS

The Elite Lifting Straps are made from genuine leather flannel for firm, comfortable grip on the bar. Cushioned interior wrist pads were added for added protection on heavier lifts and the three-layer construction helps maintain the shape of the straps and condition over repeated uses.

Sold in pairs and measuring 21" inches long and 1.5" inches wide, the extra surface area produces a stronger wrap with greater contact across the bar's knurling.
