

OLYMPIC BARS

AMERICAN POWER BAR

7' / 87 X 5 X 5 IN

BRONZE BUSHING

1500 LB TEST

28 MM.

185,000 PSI RATING

45 LBS

The 7' American Made Power Bar features an Electroless Nickel Plating finish and a bronze bushing system that guarantees the smoothest rotation possible. Each sleeve is roll-pinned to the interior of the shaft, guaranteeing that the sleeve will never come loose. Hampton Olympic bars feature an electroplated chrome coating that is guaranteed never to flake, chip or peel away from the bar. The rubber end caps keep the bars' ends from possibly getting damaged and offer protection for flooring, plates and the end-user as well.

The American Power Bar is also designed for Power Lifting! Cleans, Squats, Bench press! You name it - it does it. It features a flex design that technique lovers crave. Crossfitters dream come true.
