## DUMBBELLS

# ECLIPSE PRO STYLE

Get the weights that show your club is as serious about modernization as it is about weight training. Eclipse pro-style dumbbells from Hampton Fitness are the most modern free weights available—combining form, function, and style for a high-performance product even your toughest clients will appreciate. Designed in America by mechanical engineers and fitness experts, Eclipse incorporates Hampton's ultra-secure Dura-Lock™ end cap as well as our patented ergonomic urethane handle, the Snug-Grip™

Snug-Grip's contoured handle supports the hand's natural arch, creating a comfortable, solid grip. The outside shoulders of each handle have been expanded to 50 mm, which centers the hand and prevents the painful impact caused by old-style handles that can slide during workouts. Since you don't need to grip the weight so tightly, you can focus more attention on the muscle you're targeting.

Item	Total Length	Handle Length	Handle Max.	Handle Min.	Head	Head Thickness
ECL-5LB	184 mm	144 mm	37 mm	32 mm	128 mm	20 mm
